

Ropes for small traction sheaves

Special ropes for small traction sheaves

Product information

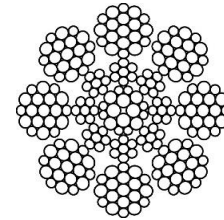

PAWO F7S

Construction: 8 x 19 Warrington with IWRC, regular lay
Load-bearing wires in the outer strands: 152
Tensile grade: 1570 N/mm²

PAWO 819W

Construction: 8 x 19 Warrington with IWRC, regular lay
Load-bearing wires in the outer strands: 152
Tensile grade: 1770 N/mm²

Both ropes outside EN 12385-5, EN 81-1 for D|d ≥ 40 applications,
with EC-type examination.

rope-Ø (permissible tolerance)

no load:	with load (10% of F _{min})
max. 3%	min. -1%

Rope type	rope diameter (mm)	calculated mass (kg/m)	min. breaking load (kN)	part-no.
819W	6	0,153	25,9	741306030
819W	6,5	0,170	31,5	741306532
